Four Outlaws riding out from the farthest reaches of the West, coming together in a musical juggernaut of apocalyptic proportions bring musical ecstasy, chaos and joy, and destroying all concepts of popular music that dare to cross their paths. 13 MP3 Songs ROCK: Punk, COUNTRY: Country Rock Details: The time is now! Honky-tonk punk Dick Dale meets Nick Cave Alternative Country Metal Those are but a few of the words used to describe Gunpowder by its fans. Gunpowder the band hails from the most Western regions of the America's. Exciting, Dangerous, Explosive Gunpowder is the most exciting new music to come from California in years. Featuring on lead vocals and rhythm guitar Major Erik Core. He's been called "the Mariachi from Hell", by the East Bay Express and described by Censor This as "Bob Dylan on PCP". On bass guitar and vocals is the legendary Doc Sauter, who also rides with the punk rock posses, Visitor 42. Doc's bass playing can only be described as thunderous, mountainous, monstrous, a four string one man earthquake. On lead guitar we have Sammy Six-String who raises the dead from the darkest corners of country rock cuts them up with razor sharp precision and serves them from an open fire with a can of beans. Sammy is a country rock tour de force all by himself playing with Deer Crossing, Dirt Road, and known in a parallel universe as Greg Volker. Pancho Lamonte is the newest member of this tour de force, with his solid rock-steady rhythms he drives the war beat that becomes our battle cry, leading our war wagon on to victory and freedom from generic whiny pop rock. Pancho is also part of the experienced and respected posse, Did I Stutter. The coming together of these four greats is something the world will be grateful for a long time to come. The time is now! This is the first, second, and third coming all in one rock and roll moment. Stop waiting and hop aboard for the wildest ride of your life. Gunpowder is what you've been waiting for! Contact
