"Scorpio" shows strong influences from 80's icons such as George Michael and Prince as well as more modern adult contemporary artists like Rufus Wainwright and k.d. lang. As with his debut album, "Scorpio" was fully produced, written, and performed in a one-man-band style with Jim playing all the instruments and singing all the parts himself. The songs on this album create a diverse and complex playground of ideas and statements ranging from the serious ("The Seed of Love", "God's Children") to the sensual ("Exciting", "Just To Be With You") to the silly ("I Am You", "Strange Brew") and even to the sincere ("I Never Stopped Loving You", "Hello To Me"). Creatively speaking, Jim likes to challenge himself to take the next step in order to keep growing, evolving, and yet still be entertaining and enlightening. The songs on "Scorpio" represent strength, growth, knowledge, and understanding from Jim's own personal perspective and it's translated through his music and melody into this wonderful compilation. People who are interested in George Michael Prince Rufus Wainwright should consider this download.
