This album contains some of the dirtiest songs you've ever heard in your life. 12 MP3 Songs POP: with Electronic Production, POP: Quirky Details: John Paul Sharp's DIRTY What is the DIRTY album? Well, it's a full album of songs that are ... well ... dirty! Remember those days in junior high school? Welcome back. DIRTY celebrates all those wonderful memories of jokes about sex, the bathroom and more - from an adult perspective. What was the inspiration behind this album? ... WHY? Well, Kathy Griffin was a major inspiration in my creating an album where I could totally let go and just sing about the craziest, most insane and possibly disgusting things I could think of. Often, my kind of humor can be seen as inappropriate in just about any situation. I'm not always joking like I do in DIRTY but it is a favorite way of joking for me. DIRTY is my way of releasing a lot of 'inappropriate' energy in the form of some really great tunes. What have people been saying about the DIRTY album so far? "This album is disturbing ... and yet I can't stop listening to it. I love it and I am ashamed behind that." -- P. Escalante "I like to listen to the CD in my car, in the morning on the way to work. The main reason is because I cannot allow my children to hear it or see the album artwork but also it is because I find I wake up a lot quicker when I hear these songs first thing in the day." -- P. Valdez "I find myself singing some of these songs at work because they are so catchy! I just hope I don't eventually get fired because of it!" -- S. Dawn "Because of this album, I am getting an education of sorts that I never thought was possible until I moved to America from India and met John Paul Sharp and he introduced me to the DIRTY album. Now I know what Hot Spray means. Oh yeah, and now I know what a Dingleberry is and I hope I never end up accidentally eating one." -- P. Zacharia I think this album is perfect to play where I work: At a porn store. I think customers will stay longer and buy more stuff, simply out of curiosity or confusion. J. Salas Beyond the lyrical content, what kind of music is it? Dance, 80s Rap, Blues, Quasi-Mariachi, Rock, Aggressive Electronica, Music Theatre,

Classical, New Age, New Wave Pop and more. Every song has its own flavor! What ARE the lyrics?

Here's a rundown: Cant Let Go: The hum and drum of tweedle dum is getting me down I wanna face the day, wipe up that silly frown I've had my share and I don't care I'm givin' it up, I'm gonna face the day If you can't see what all this means Maybe you Cant Let Go and it's time to hit the road We can get so very serious It can be oppressive sometimes Why do people get so furious With just a few dirty-ass rhymes? (You can't take this away from me We have the right to get dirty) dirty, dirty birdy that's what I'm talkin' about you muthaf#in bitch If you can't see what all this means Maybe you Cant Let Go Let go, let go, let go Check Your Stool Come on, everybody and gather round I'm about to spit some medium brown Cause that's the way it goes when you're in the know about stool, Yeah, I said it! When you drop your kids off at the pool, CHECK YOUR STOOL, CHECK YOUR STOOL Do it for yourself, do it for your health! CHECK YOUR STOOL, CHECK YOUR STOOL Is it pencil thin or a perfect ten? Repeat Chorus Twice Dingleberry Blues: I was at the bar I met a man who was fu#in hot! He took me into his nice apartment in Cheesman Park after we got drunk. He said, You can do whatever you want to me, whatever you want to me. So I did Cause I was drunk and I wanted to fu&K. I sucked on his d*#k I sucked on his co&k, oooh! And it was good. So I said, Come on baby, come on baby, let me fu&k ya baby. And he said, Alright but you're gonna have to eat me out. Lick on my assh#\$e for awhile. I said, Okay. Ill do it this once even though I think it's sick It's totally gross. You can get lots of diseases that way. So I ate him out the best I could. Till I felt something in my mouth. A round, little thing that tasted funny. Tasted like a Dingleberry. And it was. I spit it out. I said, I have to go. This is too much for me I cannot eat a Dingleberry, so goodbye.
