Details: NICOLE ANDERSON Singer/Songwriter Nicole, who has ties with the Royal Family, was catapulted to fame at the age of 3, singing and dancing at Opereta Musical Theatre, where her parents were working at (her mom being a ballerina and her dad playing double bass). She was also classically trained, finishing her studies at the Conservatoire of Music Ciprian Porubmescu.. Nicole played flute as a soloist with numerous Philharmonic Orchestras and she also had the privilege to collaborate with James Galway and Sir Yehudi Menuhin. Modeling and acting are another strong point in Nicoles career, having had done numerous TV commercials and starred in two movies in Europe. Although she has numerous degrees (Masters, Post Graduate Diplomas and a MENSA certificate), Nicoles passion for pop music won! Nicole Anderson made a name for herself in Britain and the World with the No.1 Hit Single If You Come Back that shes written for BLUE (amongst others). Her writing collaborations stretched as far as the US (New York, La, Nashville), where she wrote many songs with writers like Michael Jay (for Celine Dion, Eminem, Kylie, Delta Goodrem, Boyz//Men, Lee Ryan etc.), producers that worked with James Brown and Whitney Huston, and many others. The genre of music that she writes is very wide, as she likes stretching herself . At present, Nicole is promoting her first single - as a solo artist - called WISER that of course she wrote. Wiser is very personal powerful song, with powerful lyrics that describes her relationship with the son of the legendary Motown singer Jimmy Ruffin (brother to David Ruffin Temptations); its a story that shows her struggle as a single mother to her beautiful daughter, Aiyana-Lee. Is the ultimate art form of naming and shaming and the video to this song is extraordinary! Shes a fighter, not afraid of taking chances and with this single she definitely took one! Second single entitled What Do

They Know, its a song that everyone whos ever tried to achieve anything in this life can identify with. The Other Side, Nicoles third single is a powerful song not only for the excellent melody line and lyrics, but the video itself, that was put together by Nicole, its a very deep and powerful visual. It shows the misery and heartache of the people who were unfortunate to be born and live in the communist era. I guess the events that Nicole went thru at that time, touched her very soul and haunted her memories over the years. Nicole Anderson is indeed a true artist, which shows not only a remarkable sense of melody and well-crafted lyrics, but also a singer/song writer with a message, not afraid in taking chances and challenges. Under the beautiful and sexy exterior, there is a remarkable woman that will enrich anyones outlook on life.and thats exactly what a true artist does!
