Milligan played in Reno Rome (an early incarnation of NME favourites Animals That Swim) and in the 90s was one third of criminally under-exposed Pomp/Industrial nearly-men "Introversion". He's been in Arco since its inception, co-producing and playing on their three albums (including a US-only rarities compilation), which are available on labels based in the UK, US and South Korea. Penguin Party is an outlet for Milligan's immediate, accessible, spangly songs about everyday subjects like temptation, betrayal and mental illness, which don't fit Arco's gorgeous introspective sound. All songs written and produced by Dave Milligan except Lullaby which was written by Chris Healey Beaten, Black Blue which was written by Danny Scott and United State of Grace which was written by Dave Milligan Gareth Hall Penguin Party - See Thru Songs is on SITTING TARGET catalogue number: Sink4646 People who are interested in XTC Squeeze Death Cab for Cutie should consider this download.
