Original singer / songwriter Sherry D' puts a new twist to Women's Folk music. With bluesy ballads and sentimental reminiscences of personal experience as well as imaginary fantasy, Sherry D' weaves a folkal spectrum of love, loss, family, and an apprecia 10 MP3 Songs FOLK: Folk Blues, BLUES: Blues Vocals

Details: Original singer / songwriter Sherry D' puts a new twist to Women's Folk music. With bluesy ballads and sentimental reminiscences of personal experiences as well as imaginary fantasy, Sherry D' weaves a folkal spectrum through love, loss, family, and an appreciation for historical women. Seasoned with sensitivity, vulnerability, and an inner wisdom, Sherry D' infuses her music with the resulting effect of how her life experiences have shaped her. Her voice, although signature in quality, has been compared to the soulfulness of Annie Lennox and the moodiness of Amanda Ghost. This is Sherry D's first CD with the promise of more to come.
