circular sound device world reflectant: aka "the struggle continues.....".com 7 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: West Coast Rap Details: WAR STORIES...WAR STORIES...WAR STORIES...WAR STORIES. True Underground West Coast HIP HOP Fans.7th Sign Music is determined to keep you entertained and educated with the gift of rap music. This time out SS Music presents "WAR STORIES",a seven track e.p. that's focused on hitting the listener with "battle hymns" if you will. Different from other 7th Sign cdeez in that all seven tracks focus on the art of war. Track 2 is a bouncy jam that has the listener feeling like he or she is in the hall of the coliseum leading to the arena.Of particular interest is the Reggea Ton vocals of PAPO CAS,2 brothers that add a special flavor to the hardcore stew. Track 3 is a smoother version of track 2 but is no less hardcore.Track 4 is another coliseum banger that will rattle trunks and blow out your I Pod speakers.Track 6 gives you the impression of a soft smooth jam but is actually a system slammer with just a touch of funky jazz thrown in by Phoenix Baba Zoom.Track 7 is worthy of being called a 7th Sign HIP HOP Classic,Throwback,Hardcore production with crisp bells,pounding bass and exceptional arrangement along with superb lyracs and vocals by Shanx BZ will no doubt be the favorite for many. By adding smart samples of B.B.C. news broadcasts,the producer once again delivers underground HIP HOP perfection worthy of Public Enemy's B.D.P.'s attention. Another Solid effort brethren.
