He is from the streets of LA with a pure hip-hop sound representing the West Coast. Lyrics and Amo is SUPE's debut album on Lab Nine Records and I'm sure you will hear a lot from him in the future. SUPE has the skills to be one of the best in the West so watch as he rises to the top! SUPE was born in LA and has lived the lifestyles he has portrayed in his music. He is a hard working lyricist that takes his craft seriously. Unlike many new comers in the rap game, he truly understands the time and work involved in making a hit album. Some people has compared SUPE with Eminem, OB trice and many of those respected artists in the game. If I had to compare him to someone "out", I would say he has the Hip Hop quality of a Dre, or a 50 cent, and the story telling skills of an Eminem. SUPE is the real deal!!!! You can read reviews of his music on WCrydazto see what the public says about who they call the "New Westcoast Prospect".
