

Noise Block 1.0 For Iphone, Ipad And Ipod Touch

[DOWNLOAD HERE](#)

Beat annoying sounds and noise pollution with Noise Block, an alternative to expensive white noise sound machines and noise cancelation headphones. Noise Block acts as a noise filter so you won't hear noise at work. Avoid noise complaints with the ambiance of nature and relaxation sounds. Noise Block works as a natural sleep aid, too.

..... Noise Block masks unwanted sound. Choose from a selection of neutral soundscapes to block unwanted sounds in your environment. Perfect for anyone trying to focus in a distracting setting. Audio plays seamlessly without melody or lyrics and can be set to fade out automatically. Noise Block also makes a great sleep aid and can be used with your headphones or built-in speaker.

..... FEATURES: Plays audio continuously. Listen through headphones or with the speaker. Programmable fade-out timer saves your batteries. High quality, stereo audio tracks. Easy-to-use, attractive interface. Instantly dim the

screen with one tap. Seamless audio looping. Works with iPhone, iPod touch and iPad. Expandable: Instantly add more sounds.

..... TRACKS INCLUDED:
Ocean Surf Big Waterfall Furnace River Crickets Hard Rain Forest Night White Noise Pink Noise
Brown Noise TIPS: 1.

You can adjust the volume with the on-screen controls and the physical button on the side of your iPhone, iPod or iPad. This gives you the option of using one or both methods to control the audio level. 2. You can quickly darken the screen by using the dim button. A single tap returns the app to full brightness. To make the screen even darker, use the brightness control found in the Settings control panel in combination with the dim button. 3. We recommend using the USB power cable for overnight use. Recharge while you sleep! SYSTEM

REQUIREMENTS: Compatible with iPhone, iPod touch and iPad. Requires iOS 3.1.2 or later.
