There are a lot of people making thousands of dollars from the comfort of their own home by just implementing everything they learn from this book. Since the beginning of internet, many people have been looking for ways to build a profitable websites that can cash in thousands of dollars every month so that they can say goodbye to their bosses. But unfortunately, not everyone pursuing this dream succeeded in their attempt to build an online ATM machine. Well, Im one of them

when I got started my internet marketing career. I started to buy courses that promise overnight success, I built hundreds of affiliate websites and spend loads of money optimizing my sites I thought my millionaire dream is coming very soon. Im a Total Failure. But unfortunately, I did not see my dreams come true instead I have accumulated a mountain of debt through my credit card and work my ass off a job that I hated so much to pay off all the bills. I know. It is really frustrated and when Im about to give up, I met a real internet marketer that makes real money online He share his knowledge with me and guide me through the steps to build a million dollar website. On the first month, I was so fascinated with my results when I received a cheque of \$1000 dollars from an affiliate merchant. That is just for one site what if I could make 10 similar sites and earn \$1000 from each of them Wow, Im going to earn \$10,000 a month. Over the months, I keep building sites and witness my commission increasing from month to month. This is not easy but it worth the time invested. The Moment Of Enlightenment Throughout this journey, Ive finally come to a conclusion that these are the common mistakes that people are doing when building their website: They do not capture their visitors information They post lousy contents They have complicated website structure or navigation They did not monetize their website smartly They installed annoying pop-ups They do not update regularly They have too much advertisement on their website This is what everyone should do to get real results: Build your mailing list by offering something free Post content-rich articles in your website Have simple website design and navigation structure Have proper call to action to get people into buying mode Stop all the annoying pop-ups Update your website with interesting content regularly Do not put too much advertisement in your website Introducing...
