As the years have progressed, Abney Park's music has transformed into an amalgam of Dead Can Dance, Danny Elfman and Rammstein, truly innovating themselves and conveying a musical maturity apparent from release to release. This has proven to be well received by fans and reviewers alike, solidifying a fan base while drawing more people into the fold everyday. Abney Park has produced a number of CDs including 'Return to the Fire', 'Cemetery Number 1', 'From Dreams and Angels' and 'Twisted and Broken'; the latter of which has been called a tribute CD by the artists who contributed to it (consisting of some of the biggest names in the underground music scene). In support of these and other releases, Abney Park has played live all over the North American Continent from Vancouver, Canada to Las Vegas Nevada and well over a dozen stops in between. And that's not all. Abney Park has also appeared on sound tracks for movies and video games as well as a variety of compilation CDs including Cleopatra Record's Unquiet Grave 3.
