Formed in May 1996, Crizzy The Punx are a 3 piece rock/punk/reggae band based in Tampa Bay, Florida. Crizzy (vox, guitar), Mark Empire (backing vox, drums), Dirt Hooligan (backing vox, bass). Soon after recording our second full length CD, we lost our friend, brother and very important member of the CatP family. Bassist Dirt Hooligan was killed in an accident outside a nightclub on July 3, 2003. Dirt brought inspiration and passion to the music and live shows. He was excited as we just finished recording the CD and were planning its release. His enthusiasm for life, his music and friends was infectious and we will miss him greatly. This CD is titled "13" in his honor, as it was the date of his birth and tattooed "jersey-size" on his back. Our 15 track CD "13" was officially released on October 24, 2003 and represents our diversity and range of style, and uniqueness. Straight ahead rock with heavy punk, reggae, ska and even a little country influences give everyone something to enjoy on this CD. Crizzy The Punx will continue on and we will begin touring in support of this CD once a new bassist is found. Buy a copy today don't forget to "Tell Your Buddies!"
