Dragi sings rural and urban songs of love, war, drinking, flirtation, envy, and family tragedy, accompanied by David on kaval, tambura, percussion, and synthesizer. One of the highlights of the CD is Dragi singing a new vocal part to accompany several of his mother's original algija recordings. Rajna Spasovska also recorded at Radio Skopje, and it was from her that Dragi first discovered his love of singing and learned a large part of his repertoire. The entire 3-CD project is dedicated to her. The Goran Alaki Orchestra and the Stefe Stojkovski Ensemble also put in appearances.
