Gypsy Swing with Killer Vocals 14 MP3 Songs JAZZ: Swing/Big Band, JAZZ: Jazz Vocals Details: NONCHALANT; Harmonious Wail Clever meets mature. No "cheese" here, this highly capable, tightly cultured Wisconsin-based ensemble has produced a Gypsy "plus" treasure, "Nonchalant," their third. Featuring vocals along with the more traditional guitar, bass, and percussion, master mandolinist Sims Delaney-Potthoff charms us with tender virtuosity. Special credit to him also for bringing the tenor guitar out of the background and into its legitimate role as solo instrument. If you aren't snapping your fingers along with this CD, check with your cardiologist-you have no pulse! jazzmando.com/members.aol.com/teesch/Recordings.html
