Easy Listening, Acoustic, Love songs, Wedding music 7 MP3 Songs EASY LISTENING: Love Songs, FOLK: Modern Folk Details: "Take My Hand" was inspired by the song Karen wrote for her brother's wedding, titled "Here We Stand." It is a song of love, of intention and of unity. It's spirit transcends the boundaries of the traditional and reflects what matters most, the unconditional love between two people within the community that embraces and supports them. The other songs on the cd are intimate love songs taken from Karen's other two CD releases. The last cut on the CD is an instrumental version of "Take My Hand" so that it may be sung at weddings and civil union celebrations all over the world.
