Four-minute keyboard-based well-crafted pop operas. Big cheesy choruses and left turns aplenty. And did we mention the beatboxing? IN STEREO. 9 MP3 Songs POP: Quirky, POP: Piano Details: Michael Maas facts: Born in the Alaskan wilderness. Inoculated in raw 80's ballads and buttrock. Greatly influenced by Tori and Ben and his highness Mr. Rogers Nelson. Enamored with the synthesizer and acoustic piano equally. Capable of achieving high scores on most versions of Ms. Pac-Man. Sworn enemy of n-metal. A disciple of the Cult of the Big Cheesy Chorus. Idealism, not pragmatism. Believes his greatest achievement may have been teaching 40 kindergartners how to do Chuck Berry's duck walk when playing air guitar. 160 kbps MP3s, lyrics, info, photos, and blog at: michaelmaasmusic.com
