Rootsy bluesy folk music of an original New York singer-songwriter. 11 MP3 Songs FOLK: Folk Pop, ROCK: Americana Details: Milton's songs paint vivid moving pictures of American life using elements of country, blues, folk, rock and jazz music. And while the melodies of his compositions are adeptly constructed, the individual character of his singing voice and the distinctive idiom of his lyrics take Milton's music into truly original territory. When he sings his songs on stage, Milt the composer becomes Milt the performer. The warmth and spontaneity of his live act further confirm his stature on the contemporary scene. --Mark Withacy, The Village Reader
