Blues Infused Psychedelic Rock. - Great music and profound lyrics make for an awe-inspiring sound. 16 MP3 Songs BLUES: Rockin' Blues, ROCK: Psychedelic Details: The Mojo Perry Band has done it again!!! Their unique brand of "Art-Rock" has taken on a whole new "Acidic" level. It comes in the form of their next record "Closer to the Far Away". Unlike their previous records "Bookmaker" and "The Man", "Closer to the Far Away" explores bolder steps into the elusive artist's self described "Blank Stare". Featuring what has now become his signature, Mojo Perry's philosophical views and introspection pulls the listener into corners of insight few dare to explore. Questioning authority and pushing limits of "acceptable" sounds, the Mojo Perry Band lay down a path to artistic freedom far from the world of typical or the mainstream. Mojo Perry multi layers guitars in a majestic way compared to the likes of genius thus delivering musical explorations inside of sounds. From start to finish "Closer to the Far Away" will deliver you a different emotional and musical journey each listening time. Music isn't the only surprise that "Closer to the Far Away" has in store for you. A visual excursion is also offered within the walls of its multimedia/interactive segment. Created by Mojo's longtime friend and master graphics magician, Russell Raymer, the multimedia segment will leave you BREATHLESS. One can expect alternate versions of songs and/or new and un-released "B-Sides" from previously released records to be among its offerings.
