Shh. What's that sound? Sounds like Whitney, Aretha and Deborah Cox mixed together yet so unique. 10 MP3 Songs URBAN/R&B: Soul, ELECTRONIC: Dance Details: "Eclectic Soul" is the debut album from independent music artist, Natalie Nicole. The album takes you on a journey of the past several years of her life covering her faith in God, recovering from judgment and growing into who she is today; a strong woman whose heart has been strengthened. Eclectically she puts all her struggles and happiness into R&B, Soul, Dance and a touch of Rock Influence. The album is eclectic because it has a collection of different styles Natalie is influenced by as well as a collection of feelings, thoughts and emotions that she discloses within the album. She takes you through her struggles and brings you out of it under the sun as she finds herself today. ** What If... Music was in the hands of it's original creators and it's fate was carried out by the creator's inspired vision for it? And What If... Original music artists were in control of their music as-it-should-be and the public waited for the artist to move on her own call and creative will to show financial support as-it-should-be? Just What If? It starts with me, Natalie Nicole.
