The name Tommy means saint and Danger being a territory or sphere of control or influence. Tommy's style is a mix of Del La Soul and Jay Z which is a mixture of a street wise hustler and abstract lyricist. In August of 2003 Tommy met with Kenny G Russell Simmons right hand man and he stated "Tommy you have some hot stuff". Hot was all Tommy needed to hear to continue on his journey. Putting his destiny into his own hands Tommy has formed his own company (Tommy Danger Music Group, Inc.), and has put out four Now Later man mix tape CD's. Tommy Danger is now on his fifth mix tape CD Vol. 5 Banana with heavy bass drums and an east coast flow that's sick. With the online graffiti posted on different artist music sites, CD Baby being one, and street promotion with posters, flyers and Now Laters people are anticipating the coming of Vol. 5 Banana. Tommy's Hip Hop reality T. V show Danger Vision has given the people a taste of the CD every week while the website has acted as an incredible source in building Tommy's phenomenal joining fan base. Vol. 5 Banana is hosted by DJ Youngface and producers DJ Left and DJ Quiet have worked with Tommy on a few tracks. Tommy is creating his own buzz by dropping a different mix tape CD every quarter, the weekly T.V show (Danger Vision), the website, and let's not forget the different flavor Now Laters that everyone love.
