Why do you obey the speed limit? Why do you have a Social Security number? Why do you send your children to school? Most people would answer these questions with the statement, "It's the law." But is it really the law? Phantom Law Rules examines today's legal system in America in relation to what the legal system looked like when our founding fathers established our country. You may be surprised to see how different they are and how our current legal system has morphed over the years. Although we live in the "land of the free and the home of the brave," our freedoms and rights are being slowly stripped away from the citizenry of the United States of America. Knowledge is power. Read Phantom Law Rules and expand your knowledge about American history, the current legal system, and what can be done to preserve our freedoms. Author: Barclay, Troy Publisher: TEACH Services, Inc.
