Rugged Throwback Hip-Hop from the Classic Wu-Tang era 13 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: East Coast Details: Buddha Monk has given us a rare treat here by releasing a multitude of tracks from the Zu-Vaults. Perhaps no one knew how hard at work the groups of Buddha Monk were in the 1990's, but now, for the very first time in history thanks to Duc-Lo and Chambermusik we can all catch a glimpse of some of this highly intense creative activity. Featured on here are The Manchuz, Bklyn Zu, United Kingdom, and even the late Ol' Dirty Bastard himself. This is part one of a trilogy of albums which should definitely remove all doubt as to the very high level of Buddha Monk's skills as a Hip-Hop producer.
