Reviewer: Small World Magazine, NYC January 23, 2002 Cradle Songs Not Just for Babies, July 6, 2000 You don't have to be a baby, or even have a baby, to appreciate the calming beauty of Cradle Songs. Clarissa Ocampo's warm and lovely voice, the innovative arrangements and the outstanding musicianship offer industrial strength soothing. From a classical Brahms lullaby to Italian and Filipino traditional melodies, this is a wonderful gift for parents, for conflict-resolution mediators, for friends and most of all, for yourself. Reviewer: Beatrice Oshika from Santa Barbara, CA USA Go Away Little Fairies, June 16, 2000 I received this as a shower gift and have been planning to play it when my daughter was being born in her birthing suite, then when I bring her home after she was born. However, I didn't make it and couldn't stand it being in the wrapper any longer. I listen to it at night when I'm driving home from a long hard day and when I'm trying to get comfortable for a night's sleep. If I like it this much I'm sure my daughter is going to just love it for her everyday rituals. I recommend it to everyone for personal use or as a gift from the heart and soul.
