A gorgeous voice and soul-felt contempoary folk songs that spring from a contemplative life will move your heart and let it soar 10 MP3 Songs FOLK: Gentle, EASY LISTENING: Soft Rock Details: I have been writing songs since I was a young girl. In 1988, at the age of 25, I met my medtation master. This event profoundly changed my life. My heart was opened and my experience of love and why we are all here on this incredible planet together has grown and evolved ever since. My songs spring from the inner transformation that I experience. I feel grateful to be able to share them with you. "This is a gem of an album; makes me think of Joni Mitchell's first album. Enid is a beautiful singer, has a beguiling voice; the song-writing is superb, and very lyrical. Bravo!" Paul Winter grammy award winner saxophonist and founder of Living Music
