Original rock-pop songs. 16 MP3 Songs POP: Pop/Rock, ROCK: Adult Alternative Pop/Rock Details: It all started when I got on the 6 oclock bus she had a beautiful smile which turned into a great conversation. After maybe 5 blocks, she had to go, and I proceeded to look for her for 3 months on AC Transit no luck. Then one day I was sitting on the BART train commuting home, and suddenly she comes running past me to the exit and I literally threw up my newspaper and chased her down the escalator. I hopped onto her bus not caring where it was going; only that she was there. It turned into a 3 week fling and what a great 3 weeks they were. So I guess thats what inspired the song. Which is the case for most of the songs on this CD. The way it works is I cook some dinner (whoever in the room with me at the time is usually the one I collaborate with Scottys usually there a lot so he gets in early on the song I gotta start charging him rent), then Marzonie comes in and often does his magic with words and guitar, and sometimes were all in the mix together. It works out because it just so happens they know what theyre doing and they like my cooking too. So we were in search of a lead guitar player since my long time buddy Ron Stanley went back to focusing on gambling and vacuum cleaners. But we got him for a few tracks early on the CD. We ended up replacing him with childhood friend, Jeff Tamelier, whose funky chops can be heard with Tower of Power, Eddie Money, Starship, Huey Lewisit goes on. We had the good fortune of having him show up; Id have the amp warmed up, guitar tuned and ready with the red light blinkingwed try to get him out of his element. It always had a great outcome, mostly because of his intuitive guitar playing! We ended up filling in some blanks with guest spots by Darcy Slade and Jack Hines. So thats it hope you enjoy. do the burr
