A symphonic journey organically blending the beauty of nature through acoustic guitar and soulful vocals and the power of technology with fx, beats and basslines. 12 MP3 Songs ELECTRONIC: Folktronic, ELECTRONIC: House Details: LUST4LUV has combined the talents and passion of Singer/Songwriter Jo Technology/Engineer Andy for over a decade. Their unique fusion of edgy electronic rhythms, acoustic vibes and meaningful lyrics continues to provide the soundtrack of a journey through life into the new millenium. Since both attending a two year Music Technology studio course in 1995, Jo has been programming, sequencing and arranging all her own music digitally, and increasingly also song writing and recording using her guitar and vocals, with Andy collaborating on various tracks often assisting in mastering the finished article, sampling/ recording instruments and vocals, as well as remixing. With over four albums worth of material and recent expansion into the realms of kaleidascope VJ projections and INTRIK8 digital artwork, the multi-media duo continue to impress. LUST4LUV is the music duo Joanne O'Dowd Andrew Perron. RHAPSODYZE is the solo music by Joanne O'Dowd co-produced by Andrew Perron. The lust4luv name was chosen originally in 1996 from a sample of a couple reminiscing where she says "I think you're confusing LUST FOR LOVE", to which he replies "It was the best time of our lives... and you know it!" which we found very relevant and sums up our unique sound.
