Macklin at Glad Tidings C.O.G.I.C., Hayward, Ca. teaches and often reminds his congregation that everyone has a work in ministry to do for the Lord and that no one is in any one's way. We are all Better Together. When asked the question. What does ministry mean to her? Marcella responds; "I'm totally grateful to God for the ministry in song he has given me and to be used a vessel through which he can work. I recognize that God will grant his favor on us if we allow him to work his perfect will through our lives. It is wonderful to be one with people who are focused on pleasing God and desire to reach souls through what ever their ministry is. I Thank God for the gift of writing and ministry in song. I praise God for the opportunity to minister to his people. It is a blessing to bring encouragement and joy to others. I forever say yes Lord!, I'm yours, your vessel, use me. I Thank everyone for your prayers, encouragement, love and support. You are most wonderful. I trust that Break Through will be a blessing to you!"
