Witness the inception of punk jazz as a rising new york trio joins forces with the war oracle to offer a no holds barred attempt to make music that matters 11 MP3 Songs JAZZ: Acid Jazz, ROCK: Jam-band
Details: Recorded in the winter of 2003 and released in a limited edition in the early summer of 2004 ,this music is definitely for the adventurous: An ancient war oracle reemerges at a crucial time in world history to send messages to a war ravaged planet. What good is technology if the end result is the extinction of biology? Gas guzzling machines have infected their users to focus on consumption at all costs. Here the war oracle has descended on an unsuspecting vessel and the results are mesmerizing - words that crackle with satiric honesty - grooves that dance peace into the body- turning our aggressive domination impulse into a kaleidoscope of cooperation and creativity. Recorded and mixed by Aaron Comess at His House Studios. Vocals recorded by Tommy D at Terraplane Studios. A huge thanks to Rick at Terraplane for making the vibe happen. Mastered by the irrepressible Terence Bernardo. Weapons of Mass Distraction. Drive the war like a car far away. War oracles of the world unite! Get this album while copies remain...
