The atmosphere, the lush orchestrations, the words, the soaring melodies are just too much. - it's like being given a really good massage." - Lee de Montagnac "this is a wonderful excursion through powerful and atmospheric down-tempo electronica, backed by glorious ethnic sounding vocals and thought provoking spoken samples. There are very few albums in my extensive collection that i'd give a 10/10 rating for - this is one of them. It's an astounding album - Essential."- Richard Morley-Whirl-y-gig/Planet Angel-DJ Thank you very much, it is fast becoming one of my all-time favourites (and we've got piles of music!) , - David B. Dix Down-tempo electronica mix with world voices and instrumentation to create an atmospheric, heady offering. The electronica has a distinctly U.K. feel to me, similar in places to Banco De Gaia - but overall Rados is perhaps more in the region of Deep Forest and Ikarus. Well worth a listen if you haven't yet heard. - MORPHEUS VIEW
