"Long awaited first album from old friend Severin 24 makes us drive into his " underworld" : electro, deep dubby, rockin'... going in various directions, sometimes lacking cohesion but certainly diverse and thus rich. It is melodic and easy to listen to..." philippe petit / bip-hop rec. "Think about Norman Cook first release, Chemical Brothers and Chicks on Speed humor. You will find in Severin24's music the same moodplayed by musicians influenced by the golden age of punk music..." Laurent Guerel(Trax magazine) "...I still hear some techno sounds that are nothing but frenetic beats, all flare, no style. These tunes were easy, soothing, non-seizureinducing. I felt completely relaxed listening to the CD..." Dustin Landrum (Shut eye records, USA)
