Reviews... ...their debut CD features original compositions by Linda and Glenn. The selections range from upbeat to lyrical and are more sophisticated than usual "camp-folk" fare. Even more than the listening value are the new compositions "Glass Half Full" offers. I'm glad to have heard Shir Balev and can't wait to learn some of their new music Judy Caplan Ginsburgh - Jewish Entertainment Resources ...I've given it a good listen (about 6 times now) and my first comment is Yasher Koach! Nice
