

# 100 Pips Daily World First Scalper Over 100 Pips Daily

[DOWNLOAD HERE](#)

100 pips daily scalper gives you EXACT entries and exits on every trade you take, allowing every software owner to take the exact same high probability trades we take. Literally, if you can read red and blue lines and learn a few simple rules, you can learn to scalp with 100 pips daily scalper in a matter of minutes. GONE is the subjectivity and second guessing that is the #1 reason most traders fail! World's first Forex Scalper that predicts price movements before they happen and generates 100+ pips daily. Just imagine making instant profit on Forex every minute. Here's how it works in 4 easy steps: 1. Pick a Forex pair or a stock that you'd like to trade. Open a chart. 2. Choose your time horizon: M1, M5 3. Whenever you see a buy or sell signals (red or blue line) or get an alert, you decide whether or not you want to enter the trade. 4. Exit point will be PRINTED on your chart! - Email alert with entry and stop loss levels
