The songs have also been recorded in Vancouver, where Charlie also has a home and at his very own Stoneley Studio in Dyserth, North Wales. The album includes the previously released classic SHES A LADY and 2 other tracks from the acclaimed 2002 EP I BELIEVE IN ANGELS as well as 13 brand new tracks resulting in a perfect marriage of country and 60s pop with influences and references to the Beatles, Beach Boys, Hollies, Eagles, Mavericks and Buck Owens with the albums title referring to a trip through 16 American states Charlie himself had at the age of 18 in a stolen Mustang ! Heavy touring and recording commitments mean the Charlie and his band have only one gig coming up in the UK in London in December but they hope to be back for an extensive tour of Britain in the Spring to promote the album.
