Voted "Hot", No. 1 on internet radio, gaining major radio adds daily, club play and mixtape love across the world 10 MP3 Songs URBAN/R&B: R&B Pop Crossover, POP: Today's Top 40 Details: All Eva aka EvaSoul music available for downloading! Search, Find and Download, look for EvaSoul on any download site! More information on Eva can be found on her official website linked below. Eva aka EvaSoul's new selection is full of hits you'll love - rave reviews and beats to keep you moving, oh did we mention she sounds great too! Hypnotized is the hot single from the R&B Fantasy Comp. Vol. 1 Hosted by Razah (the intro from the compilation feat. Linda Love and the full version included), No. 1 on internet radio and storming mixtapes across the U.S. and Europe, Crazy Love will get you goin' crazy when you hear Eva's sultry voice, included also is an acappella. (remix the acappella, go ahead give it a shot, submit it for a possible maxi single due out this year!), also included is the No. 1 dance hit, voted "Hot" - "Tear Us Apart" is currently storming mainstream radio and internet waves worldwide. Bonus Mixes included on the CD. As an extra bonus feature on this CD is a 10min. mega mix for the song "It's All About Me". This megamix alone is reason enough to get this CD to your player of choice ASAP! This series of songs is sure to be an album full of party music for those fun nights with your friends or if you just feel like playing music really loud and dancing around in the house! Eva aka EvaSoul's career began at an early age, having two other releases here on CD baby and is featured on compilations listed on Eva's official website...this year expect Eva to be everywhere you turn. With releases as a featured vocalist on hip hop songs for some amazing artists; to dance, hip hop and r&b releases of her own. With work from some of the best producers across the globe - this year is expected to be a very hot one! Stay tuned and stay in touch! Eva Merchandise (t-shirts, calendars, magnets and

more) : cafepress.com/evasoul Available on Itunes and many more sites now - Thank you!
