ALL ORIGINAL MUSIC-This album is mighty stuff and is Real Country. I wish all albums were as rewarding as this one, as there is a smooth melodious tone throughout the album. You could listen to this one till the cows come home. Review-JRRI RADIO, J. Vincent 11 MP3 Songs COUNTRY: Country Folk, COUNTRY: Modern Country Details: Jacqueline's singing career started five years ago, somewhat reluctantly at first, when challenged to sing at a local karaoke club. Soon she progressed to open mikes, but dreamed, in her mind's eye, of writing and recording her own songs. In 2000 she joined forces with guitarist Garrick Alden, a collaboration that yielded her first CD of eleven original songs entitled "Country, 'My Way'" released in late 2001. The CD has received great reviews and they are currently working on a second CD scheduled to be released in the Fall/Winter 2004. Shortly after publishing this first CD, she teamed up with local musician Michael Brazie and formed the duo band "Turning Point". They have performed at many events in the Washington-Metro area as well as host an open mike regularly on Tuesday evenings at Tiffany Tavern in Old Town, Alexandria, VA, and, on Thursdays, a karaoke show at Mark's Pub in Falls Church, VA. Jacqueline and Michael are currently working on a Christmas album to be released in the Fall 2004. Her Debut Album, Country, 'My Way', contains 11 original songs. Nine songs were written by Jacqueline Ford and Garrick Alden and two songs were written by Kenneth Carroll (a long time friend) and Garrick Alden.
