

Mp3 John Latartara - Penetrations: Sonic Explorations In Sexuality

[DOWNLOAD HERE](#)

Digital/acoustic sounds plus text combine to create music which attempts to explore the subject of sexuality through sound. Musical works as well as music with pre-recorded interviews and actions are used. 11 MP3 Songs ELECTRONIC: Experimental, CLASSICAL: Contemporary Details: "[A composer] I believe to be of the first rank." - Walter Horn, Signal To Noise John Latartara's recent music has been an exploration of boundaries between music, sound art and text. His first release "With For Intoned" with fellow composer Khristian Weeks, won critical acclaim from such publications and online sites as The Wire, Signal To Noise, and theorganizationofsound.com. His newest and first solo release, "Penetrations: sonic explorations in sexuality" Is an attempt to explore the subject of sexuality through sound. Live interviews and actions are used in conjunction with music, creating works which delve directly into this human/organic experience.
