COUNTRY: Bluegrass, GOSPEL: Country Gospel Details: John and Sandy are a husband/wife group that has been singing since 1993. Most singers and songwriters don't wait until mid life to get started but that's how their lives played out. They have one son who is in the Army. John wrote all the music and played all the instruments including guitar, banjo, mandolin, and bass. Sandy has a strong voice and sings from the heart. Their music reminds you of all day Sunday singing and dinner on the ground. It was written from lifes experiences and is sure to entertain as well as encourage. Be ready to tap your toes and sing along.
