"a sultry, controlled folk-rocker." This debut from a Georgia-based singer-songwriter blends Americana roots with skillfully crafted lyrics in songs you'll want to listen to over and over again. 5 MP3 Songs FOLK: Modern Folk, COUNTRY: Country Rock Details: When she sings, her voice emerging in a hail of whispers and bellows, Juliana Finch shines. As with a lot of young singer/songwriters, much of Finch's music delves into that well-explored territory of heartbreak, falling for someone new, and those other turmoils de amor. However, unlike a great many such musicians, Finch employs a diverse set of dramatic lenses for spotlighting these well-worn subjects. The [23]-year-old performer borrows from a variety of sources, combining visceral blues phrasing with the intimacy of a breathy, modern-folk songstress. Finch's other musical interest, the black-comedy charm of Irish folk ballads, rounds her style out nicely. by Steve Shanafelt, Mountain Xpress mountainx.com
