"...power-acoustic modern-alterna-rock." 7 MP3 Songs ROCK: Acoustic, ROCK: Modern Rock Details: "POWER-ACOUSTIC MODERN-ALTERNA-ROCK..." writes one reviewer! In early 1996, after growing increasingly frustrated with focusing on projects showcasing the music of other talented musicians, an outlet for Michael's high-energy, no-holds-barred originals was needed. The resulting critically acclaimed team drives home his unique brand of original rock. Blending styles and influences from Matchbox Twenty to King's X, and Dave Matthews to Seal!! "I love mixing rock, funk, and pop influences with acoustic and electric guitars, strong vocals, and a kick ass rhythm section." In 1997 they released their first album, Beneath It All. This gutsy Milesh Records debut attracted national product endorsements and garnered impressive reviews and airplay on a variety of regional radio as they played the Mid-Atlantic extensively to support the release. In the spring of 2002, Milesh Records released the much anticipated second album, Ghost Of A Chance. They continue a steady schedule throughout their territory as CD sales and club attendance grows at consistent rates. Taking his music to new levels, while earning rave reviews from fans and critics is nothing new to Michael and his group of seasoned professionals. He has earned several prestigious industry awards including 5 WAMMIE AWARDS for Best Male Vocalist and Best Artist/Group in the Rock/Pop, and Alternative Categories from the Washington Area Music Association; several Mid-Atlantic Readers' Poll Awards, and 3 Mid-Atlantic Songwriter's Awards. Shared stage credits include Taj Mahal, Pete Best, Tony C the Truth, Tony Levin, Tina Turner, Pat McGee Band, Steve Morse Band, Hootie the Blowfish, Salt-N-Pepa, Seven Mary Three, King's X, Todd Rundgren, Creed, Summer Camp, Primus, and Rick Ocasek. "...a Lenny Kravitz's sense of groove and style, the artistry of Peter Gabriel, and the intensity and power of Live..." while impossible to pigeon-hole into any one category, his show is, according to critics, "not to be missed!" A passionate collaboration of heart,

soul, mind, and musical integrity.
