At the age of six he requested guitar lessons and after two years of classical training - ("my teacher spent more time on the phone than in the studio with me !")- he gave up on the lessons and began turning his attention to writing his own music - .Playing in bands throughout his school career - he eventually stopped playing at the age of 17 when he started his University career -.After 10 years in the USA (Philadelphia) - and having witnessed the birth and blossoming of TV- Paul returned to South Africa- with his interest having been tweaked - to return his attention to his music talents - but it wasn't until some years later - when he was invited to join a local band - that he began to explore his song writing once again . In 2004 he released an EP - which enjoyed airplay locally and on the American College Radio circuit.His latest Album has been a year in the making - layered and textured like his painting style - and embracing the paradox of life experience - both simple and richly complex ! He counts amongst his influences in his writing - Nick Drake , Van Morrison ,James Taylor , The Beatles ,Joni Mitchel,and Paul Simon .
