Some of the hottest vintage sounding rockabilly and rock n' roll since 1956. 12 MP3 Songs ROCK: Rockabilly, ROCK: Roots Rock Details: REVIEW Peter the Wolves - "Trouble with Girls" Marijn Raaijmakers, The BlackCat Rockabilly, November 2001 rockabilly.nl Peter The Wolves are not only top notch rockabilly musicians, they're a creative bunch too. There are twelve tracks on this platter, and they are all self-penned originals, no exceptions! With Ralph Rebel and Pete Ludovico, Golly Gee Records has found themselves their own "Leiber and Stoller". The album hits off with the words: "We're gonna rock, we're gonna roll, we're gonna boogie, but not too slow", so you know what to expect then! "The Rock 'n' Roll Boogie" comes thundering thru your living room with a fabulous slapping bass and Pete's deep scraping voice. A new classic that sets the standard for this album: hot rockabilly. The melodic "Girl Of My Dreams" is a feast for your ears with changing rhythms and great lead guitar instros, followed by a bopping ode to "Pier Louise" with tearing saxes and hot lead guitar. The electrifying latin intro of "Midnight Cruise" uncovers some surf influences, but changes pace after a minute or so to more hot rocking rockabilly. "This Joint's Gonna Rock Tonight" does all that the title promises and "Searching Eternally" is the first ballad we encounter, the song and style remind a lot of Gene Vincent's "In My Dreams" and it's equally pleasing too. "Do You Wanna?", "The Trouble With Girls" and "King Pin" are very authentic 50s style rockabilly songs, Pete's vocals come out very good, this guy's got a pretty good rockabilly voice. The country styled "Hogtied" tells the story of a guy who doesn't want to get married and "Little Bitty Ditty" is sure to get your feet moving again on a greasy slapping bass rhythm. The closing track is another rocking ballad titled "Another Heartache", yes Pete's voice is really cut out for this, great song.
