

Mp3 Steve Kirtley - Master Of The Storm

[DOWNLOAD HERE](#)

Heart-changing original songs from the Country Church. Rooted in Bluegrass, Southern Gospel, and traditional Country. Powerful Holy Spirit inspired messages. 12 MP3 Songs GOSPEL: Country Gospel, COUNTRY: Bluegrass Details: Have you ever been to a little country church packed with people from near and far who came to attend a "singing". You feel the presence of the Holy Spirit the minute you walk in. The playing starts: mandolin, guitar, piano, dobro, fiddle, Telecaster, drums, and tambourine. The singing is heartfelt. The windows are open, cardboard fans are waving. Hands are raised in praise, shouts and "amen's" fill the air. The music is pulsing; the words lift up the name of Jesus. And you leave a different person than when you came. I've been there. Maybe you have too. Those folks had a hold of something that shouldn't be relegated as nostalgia. We need that same Spirit and heart-changing fervor today in the modern suburban church. This recording brings new original songs with the Spirit and sounds from the old Country Church. I hope you enjoy it. More importantly, I hope that through the songs God speaks to your heart and leaves you different than when you came.
