Related styles: KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Educational Details: Jelly Donuts and Jam Sessions is a collection of fun songs intended for children as a great start for learning about their world, themselves, and their aspirations. Our songs are like little stories that foster self-esteem, creativity, and the imagination. We tried in this collection to capture all the moods that children go through from funny, to serious, to thoughtful. The music as well as the repetition and rhyme of the lyrics are designed to enhance and reinforce the special meaning and purpose of each song. As important as recess and play is for kids, music functions as an elevated form of play that has no boundaries, no barriers. Our songs feature a variety of musical styles, instrumental scorings, interesting rhythms, and funny sound effect. This motivates children towards active involvement such as singing and physical movement when they hear each song, because when children are actively engaged in the music, learning and self-expression can be achieved in the most artful, fun, and creative way. Please read a few reviews listed below from educators about the effect of Jelly Donuts and Jam Sessions on children in school programs. I am totally delighted with the wonderful dual albums of Jelly Donuts and Jam Sessions. This set of educational and musical songs are an excellent teaching aid for both acquainting children with values, anger management, and self esteem, as well as a fun way to become more attuned to their bodies. I observed children from Pre-Kindergarten through Fifth Grade, as well as special education students, respond to catchy rhythms, beautiful music, inspiring words and exceptional accompaniments. These songs have

reinforced my own philosophy that music enhances the learning experience. My students have greatly enjoyed learning and singing Jelly Donuts and Jam Sessions. Thank you for bringing these albums into our lives. Dorothy R. Furiness - Music Director Eleanor Van Gelder School Edgewater N. J. In addition to offering musical entertainment and insight into social relationships, the lyrics would also be wonderful to teach beginning reading skills. The repetition and relatively simple language could enhance a reading teacher's repertoire. i wonder if an imaginative publisher might want to pilot your songs for multiple uses. Suellen Newman - Director The Hudson School (founded in 1978) Hoboken, New Jersey. "Songs are wonderful - Life lessons!
