Melodic, rhythmic pop-rock songs with intelligent lyrics and full, tight guitar and keyboard arrangements. Strong, expressive vocals. 10 MP3 Songs EASY LISTENING: Soft Rock, JAZZ: Smooth Jazz Details: CHAMELEON (Blue Bird Caf Berlin Records) is the latest melodic rock effort from singer-songwriter Wayne Grajeda. Strong, distinctive vocals and radio friendly songs led this Los Angeles, London and European music scene veteran to be previously signed to Warner Bros. Records worldwide. The themes of Grajedas songs range from observations of the human condition, such as the crime doesnt pay tale of an alienated young woman who the media christen Chameleon or He Rides The Bakerloo, the story of an immigrant who finds no small measure of achievement working for the London underground. Snap Zoom is a searing condemnation of television news in the United States. Still other songs, such as Good Intentions and Private Property, deal with universal emotional feelings of love, loss, futility and hope most of us experience one time or another in our personal relationships. Wayne Grajedas CHAMELEON CD is for people who like memorable songs and singers and is performed by an artist with the skills and experience to express the convictions, feelings and stories about which he writes.
