[DOWNLOAD HERE](#)

Squeeze This! is the first history of the piano accordion and the first study of the accordion as a uniquely American musical and cultural phenomenon. Ethnomusicologist and accordion enthusiast Marion Jacobson traces the changing idea of the accordion in the United States and its cultural significance over the course of the twentieth century. She focuses on key moments of transition, from the introduction of elaborately decorated European models imported onto the American vaudeville stage and the instrument's celebration by ethnic musical communities and mainstream audiences alike, to its later denigration and novelty performances by the likes of "Weird Al" Yankovic as well as a recent revival within contemporary cabaret acts and pop groups. Loaded with dozens of images of gorgeous instruments and enthusiastic performers and fans, this book represents the accordion in a wide range of popular and traditional musical styles, revealing the accordion culture in America.
