Subliminal NLP Self-Improvement Audio To Help Overcome Problem Area This Neuro Linguistic Programming Audio use unique advanced dual layer aural amplitude randomization methods to mask powerful positive affirmations mixed with binaural beats overlaid with the sounds of nature and soothing new age music. The audio will help you improve or overcome many areas in your life. Subliminal Power enables you to QUICKLY change ANY area of your life, with absolutely NO effort. There's NO psychotherapy. NO hypnosis. NO meditation. NO reading. NO magic spells. Subliminal messages are positive affirmations sent DIRECTLY to the subconscious mind, bypassing the more critical conscious mind. The subconscious then follows these commands to produce POWERFUL and EXCITING change - quicker than anything you've ever seen before. \*Improve Your Reading Rate\* Running Time: 1 Hour 0 Minutes Speed reading is the act of quickly absorbing written information. The goal is to read quickly but still retain comprehension of the material. The rate at which people read material is not a constant and varies greatly depending on several factors. Some material, such as school work or manuals, may require more contemplation and fewer distractions in order to process and still understand what is being

conveyed. Being able to read ten books in a single day is useless if the reader is unable to retain comprehension of the material. This subliminal program attempts to improve and concentrate these skills.
