Electronic Synthpop 11 MP3 Songs ELECTRONIC: Pop Crossover, ELECTRONIC: Dance Details: Addicted2Fiction is a darkwave synthpop band that hail from Brooklyn, NY but are now based in Los Angeles, CA. Conceived of by Aisha and Hellskiss in July 2002, Addicted2Fiction's propulsive electronic instrumentation utilizes anything within reach to create a unique, undeniably evocative sound. Their infectious songs are punctuated by addictive retro-pop hooks, catchy melodies, layered bass and drum tracks, sampled "found sounds", pulsating synths and shared vocal duties. John G. incorporates live video projection into their performances, adding compelling imagery to the mix. Some of their influences include Depeche Mode, Massive Attack, Madonna, Covenant, New Order Fischerspooner.
