Sparse production lets this collection of alt. country and acoustic rock songs stand on their own. With nothing to get in their way, Barak's strong lyrics and melodies are given the full spotlight on his solo debut, The Winter EP. 6 MP3 Songs ROCK: Americana, ROCK: Folk Rock Details: Barak Hill is a singer/songwriter from Southwest Missouri. He plays alt. country, acoustic rock, folk rock (it's all the same, call it what you want). Barak started playing and writing at 14. A decade later, at 24 his lyrics are tight and polished, melodies are musical, and story lines end up twisting a nerve with just about everyone in the audience before the night is over. Live Barak plays a strong mix of originals and some well chosen covers by his favorite artists. People like The Jayhawks, Wilco, Steve Earle and others. He has shared the stage with acts as diverse as Big Smith and international recording artists Proto Kow. The Winter EP, a collection of six original songs, was released in January 2004. He recorded and produced the album in his home studio, enlisting the help of friend Scott Eastman for some electric guitar work. It's a straightforward album with very sparse production - vocals and a couple of guitars for the most part. Barak wanted to let the songs stand on their own, without a lot of bells and whistles getting in the way. They're presented just like you might hear them in a little coffeehouse or bar in some Southwest Missouri town.
