

Mp3 D.benway - Songs At Room Temperature

[DOWNLOAD HERE](#)

No-fi, lo-fi, hi-fi punk, acoustic, alternative that isn't afraid to pair country, folk, experimental, and direct confessional 21 MP3 Songs FOLK: Gentle, POP: Delicate Details: d. benway's debut album, songs at room temperature, is a patchwork collage of sonic self-portraiture. Twenty-one intimate pieces, some detailed enough to reveal every pixel, dot and stroke, others oceanic enough to completely immerse yourself in. Hard to categorize, this collection spans the spectrum from Pete Townshend's vulnerable bluster to the heart-wrenching navete of Daniel Johnston (who contributed the cover art). Repeated spins are necessary to fully chart the geography of benway's troubled psyche and his ultimate transcendence of its boundaries. A tremendous release in every sense of the word.
