This CD promises something for everyone, including but not limited to contemporary gospel, traditional, with a special emphasis on praise worship. 11 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: The words powerful, soulful, and anointed are three words that best describe gospel's rapidly rising Diana Bush-Harris and her new release debut CD, "By My God." This stunning CD displays her strong vocal superiority and a myriad of musical genres that will illuminate the hearts of every listener, and with just one listen, you will quickly agree that she was intimately and personally inspired by her God! A native of Fort Wayne, Indiana, Diana's universal style and deep sultry voice is reminiscent of Helen Baylor and Oletta Adams, with a fiery passionate delivery that has earned her the nick-name "Sista Praise". She successfully blends contemporary sounds intertwined with overlays of her trademark praise worship style with a hint of a traditional music accompanied by gifted background singers whose vocals soar to the forefront and lead its listeners back to their first love, Jesus Christ. As Songwriter, Composer, and Executive Producer of her freshman project, It's clear that Diana's passion, musical ability, and love for God is apparent in this extraordinary CD. Songs like the jazzy, rhythm and blues feel, "If I," "Is a love song to God and indicates my love for Him and His strong love for His people," says Diana. The contemporary song "It's a Pleasure to Say Yes", talks about coming out of do's and don'ts of religious bondage and understanding God sent Jesus to give us abundant life and it is a pleasure to say yes to Him. "Praise is a Pavilion" was birthed from a realization that praise is the weapon of armor God gave us that allows us to stand in the spirit of victory. "The Way You love me" was born out of a personal revelation of God's abundant mercy and grace.
